3.2 It is the Client's responsibility to ensure that he understands how Margin is calculated.

3.3 The Company has the right to change Margin requirements with prior notice to the Client. In this situation the Company has the right to apply new Margin requirements to the new positions and to the positions which are already open.

3.4 Lower Margin requirements for a specific Financial Instrument apply to all positions opened for this Financial Instrument.

3.5 The Company reserves the right to increase the size of Margin requirements, before the close of the market before weekends and holidays. Information about the time frames during which increased Margin requirements are in effect is published in the Client's Personal Area and/or on the Company's Website.

3.6 Increasing the amount of hedging in trading accounts (and for the Underlying Assets that are subject to Hedged Margin) will result in a reduction of Margin requirements for new hedging orders.

3.7 Reducing the amount of hedging in trading accounts (and for the Underlying Assets that are subject to Hedged Margin) is treated as opening a new position and will result in a proportional (based on the amount) change in Margin requirements on previously opened positions for the corresponding financial instrument.

3.8 The Margin requirements applicable to the different CFDs can be found in the Contract Specifications section on the Website at https://www.exness.jo/contractspecifications/If at any time the Equity falls below a certain percentage of the Necessary Margin, specified in the Contract Specifications section on the Website the Company has the right to close any, or all of the Client's

Open Positions without the Client's consent or any prior Written Notice to him. In order to determine if the Client has breached this paragraph, any sums referred to therein which are not denominated in the Currency of the Client Account shall be treated as if they were denominated in the Currency of the Client Account by converting them into the Currency of the Client Account, at reasonable exchange rates as the Company will select, having regards to the prevailing market rates.

3.9 If a Margin Call notification is sent to the Client Terminal, the Client will not be able to open any new positions, except where permitted by the Company, hedging position(s) to reduce margin. 3.11 Margin must be paid in monetary funds in the Currency of the Client Account.

3.12 The Client undertakes neither to create, nor to have outstanding any security interest whatsoever over, nor to agree to assign or transfer, any of the Margin transferred to the Company.

4. Trailing Stop, Expert Advisor and Stop Loss Orders

4.1 The Client agrees that trading operations using additional functions of the Client Trading Terminal such as Trailing Stop and/or Expert Advisor and/or any other automated processes are executed completely under the Client's responsibility, as they depend directly on his trading terminal and the Company bears no responsibility whatsoever. The Company reserves the right to accept or reject at its own discretion the use of additional functions of the Client Trading Terminal and in case these additional functions affect the reliability and/or smooth operation and/or the stability of the Company's Trading Platform to immediately terminate by way of written notice the relationship with the Client and/or take any actions deemed appropriate.

4.2 The Client agrees that placing a Stop Loss Order will not necessarily limit losses to the intended amounts, because market conditions may make it impossible to execute such an Order at the stipulated price and the Company bears no responsibility whatsoever.

5. Trade Confirmations and Reporting

5.1 The Company will provide the Client with online access to his Client Account via the Trading Platform, which will provide him with sufficient information, including information on Order(s) status, Client Account status, Balance in the Client Account and trade confirmations in respect of each executed Order.

1. CFD Order Execution

1.1 Orders can be placed, executed and (if allowed) changed or removed within the trading hours for each CFD appearing on the Company's Website, as amended by the Company from time to time and if they are not executed they shall remain effective through the next trading session (as applicable). All open spot positions will be rolled over to the next Business Day at the close of business in the relevant Underlying Market, subject to the Company's rights to close the open spot position. Any open forward positions will be rolled over at the expiry of the relevant period into the next relevant period subject to the Company's rights to close the open forward position.

2. Quotes

2.1 The Company provides Quotes by taking into account the Underlying Asset price, but this does not mean that these Quotes are within any specific percentage of the Underlying Asset price. When the relevant Underlying Market is closed, the Quotes provided by the Company will reflect what the Company thinks to be the current Bid and Ask price of the relevant Underlying Asset at that time. The Client acknowledges that such Quotes will be set by the Company at its absolute discretion.

2.2.It is hereby acknowledged and understood that any Quotes displayed on the Trading Platform and/or Client's Terminal are considered indicative at the time of display and may not be up-to-date with the real-time pricing, owing to various factors beyond the Company's control, including but not limited to, technical conditions such as the transfer rate of data networks, the quality of internet

connection which affects the time it takes for the price to reach Trading Platform and/or Client's Terminal after it leaves Company's servers, and rapid market fluctuations. Despite Company's efforts to promptly update all Quotes in the Trading Platform and/or Client's Terminal for real-time accuracy, these factors, and any other factor beyond the Company's control, may lead to the Trading Platform and/or Client's Terminal showing a stale Quote, and due to this, slippage may also be observed.

2.3 In the event that the Company is unable to proceed with the execution of an Order, with regard to its price or size or for any other reason, the Company may send a re-quote to the Client with the price it is willing to deal.

2.4 The Company will delete Error Quotes (Spikes) from the Trading Server's Quotes Base.

2.5 The Company has the right not to provide Quotes and not execute Orders in case when the price of Underlying Asset becomes negative.

2.6 It is acknowledged that whilst the Quotes displayed on Trading Platform and/or Client's Terminal take into account a variety of factors including market data from various third party external reference sources, they are not taken directly and/or exclusively from one source, and therefore such Quotes may not match Quotes that Client sees elsewhere (including the Quotes of other third trading entities). It is also acknowledged that all prices shown on the Trading Platform and/or Client Terminal are indicative and are subject to constant changes.

3.1 The Company has the right to change the Client Account leverage (higher or lower) in accordance with the Applicable Regulation legislation without prior notice according to the conditions described on the Website of the Company at www.exness.jo/leverage and/or the Key Facts Statement.

3.2 An automatic change in Leverage pursuant to the rules established by the Company, as well as a change in Leverage made by the Client through his/her Personal Area will result in a recalculation of the Margin requirements for all of the Client's positions.

3.3 The Company has the right:

 A. To limit the size of the offered leverage and/or to increase the size of Margin requirements before macroeconomic events and/or news capable of significantly affecting the prices of financial instruments.
